National professional qualifications

NPQs are available for teachers and leaders who want to develop their knowledge and skills in specialist areas of teaching practice. There are:

- 4 leadership NPQs in senior leadership, headship, executive leadership and early years leadership
- 4 NPQs for teachers and leaders who want to develop their expertise in specialist areas of teaching practice

What's involved

The specialist and leadership NPQs provide training and support for teachers and school leaders at all levels. This includes those who want to develop expertise in high-quality teaching practices, such as behaviour management, and those leading multiple schools across trusts.

They are part of a wider set of [teacher development reforms](#) which together will create a 'golden thread' of high-quality evidence underpinning the support, training and development available through a teacher's entire career.

NPQs available

The 4 NPQs in specialist areas of teaching have been designed with both classroom teachers and leaders in mind. They are:

- [Leading teacher development](#) – learn how to become a teacher educator and successfully support teachers in your school to expand their skills
- [Leading teaching](#) – learn how to lead the teaching and learning of a subject, year group or phase
- [Leading behaviour and culture](#) – learn how to create a culture of good behaviour and high expectations in which staff and pupils can thrive
- [Leading literacy](#) – learn how to effectively teach and promote literacy across the whole school, year group, key stage or phase

The leadership NPQs are:

- [Senior leadership](#) – develop your leadership knowledge and expertise to improve outcomes for teachers and pupils in your school
- [Headship](#) – develop the knowledge that underpins expert school leadership and apply it to become an outstanding headteacher
- [Executive leadership](#) – develop the expertise you need to become an outstanding executive leader, leading change and improvement across your group of schools or multi-academy trust
- [Early years leadership](#) – develop expertise in leading high-quality early years education and care, as well as effective staff and organisational management
